Version 2.0

AllGymnastics.com

AllGymnastics.com has launched Version 2 of its Meet Creation and Registration platform. To use this new version, previous [Version 1.0] users will need to create a new account. Because we have more robust features and integrations in the new version, we have decided to begin with a “clean slate.” We have purposely not carried over any information from previous versions. With that being said, all users must create a new account.

Below are answers to some basic questions regarding the switch to Version 2.0

Can I use the same Username and Password as my old Version 1.0 account?

Yes. You can use the same information. It is, however, good practice to change your passwords regularly. We recommend using a new password for Version 2. If you use a Password Manager, it may attempt to auto fill your password. You must first create an account. (Be sure to update any shortcuts you may have. The new URL is: app.allgymnastics.com)

Will I need to add my athletes and coaches again?

Yes. Because we are creating a new and accurate database, you will have to enter all information again.

As a Meet Host, can I see meets from previous years?

Yes & No. We have done our best to archive as much information as possible, but we cannot guarantee its accuracy. If you need to access past data, please email support@AllGymnastics.com with the name of the meet, what you are looking for and the email address used to access your AllGymnastics account. We will access the database and provide what we can.

Do I need to be a Verified User to make and receive payments?

You do not have to be a Verified User to Register or Host Meets but we HIGHLY RECOMMEND you become verified. Unverified users can only send and receive small amounts per transaction. If you become Verified at the onset, it will make transactions on AllGymnastics.com much easier.

If you have any questions or concerns, we would love to hear from you. Please email us at Support@AllGymnastics.com.

Happy Handstands!!!
